Dear Parents

Greetings for the Day !

The month of March was the time when, after burning the midnight oil for the whole year, the students of classes X and XII embarked on a rigorous journey to prove their mettle in the board exams. On the other hand, the students of classes IX and XI got the fruits of their hard work and smoothly sailed through their term-end examinations.

Gurukul The School is determined to secure an outstanding future for its students by building upon their current strengths and ensuring that the students have access to the best possible opportunities and experiences during their formative years. The school focuses on developing and celebrating students as individuals and not just as learners.

With high aspirations for our each and every student, we welcome them whole-heartedly in the new session and will constantly strive to make our students aspire to be the best they can be. We look forward to a productive partnership with you all to ensure that our children achieve their highest potential.
