Dear Parent

**Heartiest Greetings from Team Gurukul !**

The positive vibes of the month of May brought by the **extra ordinary board results of classes XII and X** gave us reasons to celebrate and also to raise the bar a little higher to excel in our future endeavours. We congratulate all the stakeholders without whose help carving the niche would never have been possible.

Gurukul has a '**Traditionally sharp and Progressively focused**' outlook for learning and believes in empowering the students to become world citizens. Moving towards this goal a team comprising of Gurukulites and the teacher delegates visited **South Korea** as a part of **International Exchange Programme**. The students experienced Seoul's traditional and modern life styles and enhanced their technological skills. **Embassy of South Korea in Collaboration with Korean Cultural Centre**, gave the students a golden opportunity to explore the folk villages and education system of South Korea by visiting the schools there. Not only they broadened their horizons but also brought home an unforgettable casket of everlasting reminiscences.

To beat the heat of summer, the month of July would unravel host of co curricular activities in form of Interschool competition **Synergy 2018**. It would be the time to celebrate the accomplishments of Gurukulites for session 2017-18 in **Appreciation Day Ceremony**.

**The activities for the month of July are mentioned below:**
