Date – 01.08.2018

Dear Parent

Heartiest Greetings from Team Gurukul !

We believe in transforming, our future generation into responsible citizens. Our learning pathway is to instill in them the intelligence and generous spirit.

The month will further glide with the activities and learning infused through a week-long 'save water' agenda where in children will be engrossed in many water saving activities. Through this initiative our champions will learn how **life is nonexistent without this precious resource-water**.

The exhilarating month will move on, by making learning a striking feature for our kids through the magnificent experiences. The budding juniors will celebrate 'Independence Day' to ignite the spirit of patriotism. They will make their learning impeccable in various fields through 'Educational visit' (Pre-Nursery) and celebration 'National Sports Day'.

The activities for the month of July are mentioned below:
