Dear Parent

Heartiest Greetings from Team Gurukul !

The month of July was the time when the students came back to school after a long and reinvigorating vacation. They took a well-deserved break and were back to work with their boundless energy. It was a time when they engaged themselves with numerous activities and as always, broadened their mental horizon. In July, the school organized 'Appreciation Day'' wherein the students were recognized and rewarded for their scholastic and co scholastic achievements. They did outstandingly well and won accolades in the Interschool Competition 'Synergy, wherein hundreds of students from Delhi and NCR participated in various literary and sporting events.

It has always been the endeavour of the school to help our students develop a habit of self- discipline and carry on with the same ardour. Gurukul-The School is determined to ensure that discipline and hard work become the refining fire by which everything in this universe appears possible and achievable for them. We hope that they all reach the zenith and perform a notch higher with every given task and responsibility assigned to them. All these scholastic and co scholastic activities would ensure carving out a well groomed and disciplined student.

The activities for the month of August are mentioned below:
